

LADIES INVITED !!!!

APPLEWOOD PROBUS CLUB

AUGUST 11 MEETING, 10:00 AM

PORT CREDIT YACHT CLUB

Its time to resume our lives. Let's get out and renew our Probus connections. Ladies are invited to join our members on August 11 at 10.00 am for the regular monthly meeting.

The speaker, Ms. Sarah Schnobel, comes to us highly recommended by those who have heard her speak. Ms. Schnobel describes her talk as, "How to prepare to best preserve your autonomy".

Ms Schnobel's talk is designed to encourage the audience to think about, and deal with, the question... what happens if I, or my partner, lose the ability to care for myself/theirself and/or the ability to care for his/her partner? As Sarah gets further into the topic, she describes the issues around the questions like "How to insure my wishes are being honoured if I lose my cognitive ability". It summarizes the topics all of us really don't want to think about (will this really happen to me?) However, they need to be addressed in order to insure our wishes are respected and followed at the appropriate time.

So, members of the Applewood Probus Club, this is a perfect meeting to attend, to bring your wife/partner, to gain useful knowledge, and restore the habit of attending the in-person monthly meetings. **WE WILL SEE YOU AT THE MEETING.**
